RISHU KUMAR

FrontEnd Developer

+91-7764847620 · **kumarrishu933@gmail.com** · **linkedin.com/in/rishu99** · **github.com/rk12-max**

Summary

Frontend Developer with 5+ years of experience in JavaScript, React, building scalable and high-performance web applications. Skilled in ES6+, state management (Redux, Context API), REST API integration, and responsive design. Focused on performance optimization, clean architecture, and delivering user-centric interfaces.

Experience

Digital Polygon — Bethesda, MD, USA (Remote)
Senior Frontend Developer — 09/2023 – Present

- Translated design mockups into responsive UIs and built reusable React components using **HTML, Tailwind CSS, JavaScript, and React, reducing development time by 25%**.
- Integrated frontend applications with **REST APIs** and optimized data handling for improved reliability.

QED42 — Pune, India (Remote)
Frontend Developer — 08/2022 – 08/2023

- Built responsive and scalable web interfaces using **HTML, CSS, JavaScript, and React**, improving performance and cross-browser compatibility.
- Developed interactive and dynamic web applications using **React.js, following a component-based architecture**.

Douce Infotech Private Ltd — Muzaffarpur, India (Onsite)
Junior FrontEnd Developer — 02/2021 – 07/2022

- Developed and customized **Component based architecture** to improve user experience and meet business requirements.
- Improved application performance and managed code using Git, including branching and pull requests.

Technical Skills

Frontend: React.Js · JavaScript (ES6+) · TypeScript · HTML · Next.Js
State Management: Redux Toolkit · Context API · Zustand
Concepts & Styling: CSS3 · Tailwind CSS · Daisy UI · Material UI · Responsive Web Design · Performance Optimization
Tools & Testing: Git · GitHub · NPM · CI/CD · React Developer Tool

Projects

Leaf Home — 02/2025 – 04/2026
https://www.leafhome.com/

- Developed scalable and responsive frontend interfaces using **React.js, JavaScript (ES6+), and modern UI technologies** to deliver seamless user experiences.
- Designed reusable **React components, ensuring UI consistency, maintainability, and efficient development**.
- Integrated **RESTful APIs** to handle dynamic application data and build interactive, data-driven user interfaces.

UNICEF IDCS — 09/2022 – 06/2023
https://www.unicef.org/

- Developed **interactive web interfaces** for a platform addressing discrimination and promoting children's rights.
- Implemented **reusable UI components using SCSS**, ensuring design consistency and maintainable code.
- Created **responsive layouts and optimized UI elements** for consistent experiences across devices and screen sizes.

Alnylam Pharmaceuticals, Inc — 07/2021 – 07/2022
https://www.alnylam.com/

- Developed **reusable and modular React components to maintain consistent UI architecture**.
- Integrated **REST APIs** to fetch and display dynamic data, improving frontend functionality.
- Collaborated on frontend UI enhancements to **improve usability, responsiveness, and application experience**.

Education

Asansol Engineering College, Asansol
B.Tech, Electronics & Communication — CGPA: 8.2 / 10.0
