RISHU KUMAR

FrontEnd Developer

+91-7764847620 · **kumarrishu933@gmail.com** · **linkedin.com/in/rishu99** · **github.com/rk12-max**

Summary

Frontend Developer with 4+ years of experience in JavaScript, React and Angular, building scalable and high-performance web applications. Skilled in ES6+, state management (Redux, Context API), REST API integration, and responsive design. Focused on performance optimization, clean architecture, and delivering user-centric interfaces.

Experience

Digital Polygon — Bethesda, MD, USA (Remote)
Frontend Developer — 09/2023 – 06/2026

- Translated design mockups and wireframes into responsive, engaging user interfaces using **HTML, Tailwind CSS, and JavaScript**.
- Architected reusable **Angular** components, reducing development time by 25% and improving code maintainability.
- Integrated frontend applications with **REST APIs** and optimized data handling for improved reliability.

QED42 — Pune, India (Remote)
Associate Engineer – Frontend — 08/2022 – 08/2023

- Built responsive and scalable web interfaces using **HTML, CSS, JavaScript, and Drupal theming**, improving performance and cross-browser compatibility.
- Developed interactive and dynamic web applications using **React.js, following a component-based architecture**.

Douce Infotech Private Ltd — Muzaffarpur, India (Onsite)
Drupal Developer — 02/2021 – 07/2022

- Developed and customized **Drupal themes using Twig** to improve user experience and meet business requirements.
- Improved application performance and managed code using Git, including branching and pull requests.

Technical Skills

Frontend: React.js · Angular · JavaScript (ES6+) · TypeScript
State Management: Redux Toolkit · Context API · React Query
Styling: CSS3 · Tailwind CSS · Bootstrap · Material UI
Tools & CMS: Git · GitHub · NPM · CI/CD · Drupal
Testing: React Testing Library
Concepts: API Integration · Responsive Design · Performance Optimization

Projects

Leaf Home — 02/2025 – 04/2026
https://www.leafhome.com/

- Built a responsive web application with **Angular and ES6+ JavaScript** to deliver a seamless user experience.
- Developed **modular, reusable UI components in Angular** to optimize application performance and maintain design consistency.
- Integrated APIs to deliver dynamic and personalized user experiences.

UNICEF IDCS — 09/2022 – 06/2023
https://www.unicef.org/

- Built an interactive, user-centric website to share information on UNICEF's work addressing discrimination faced by children.
- Used **React, HTML5, and modern UI** practices for development.

Alnylam Pharmaceuticals, Inc — 07/2021 – 07/2022
https://www.alnylam.com/

- Developed and customized **Drupal themes using Twig templates and preprocess functions**.
- Used **Drupal, JavaScript, and SCSS** for development.

Education

Asansol Engineering College, Asansol
B.Tech, Electronics & Communication — CGPA: 8.2 / 10.0
